BACKGROUND

The Investing in Canada Infrastructure Program (“ICIP”) is a federal infrastructure program designed to create long-term economic growth, build inclusive, sustainable and resilient communities, and support a low-carbon economy.

The Government of Canada (“**Canada**”) announced, in its *Budget 2016* and *Budget 2017*, over \$180 billion for the ICIP to support sustainable and inclusive communities, while driving economic growth.

The Honourable Minister of Infrastructure and Communities and the Honourable Minister of Infrastructure entered into the Canada-Ontario Integrated Bilateral Agreement for the Investing in Canada Infrastructure Program for Canada to provide financial support to the Province.

Under the Bilateral Agreement, Canada agrees, amongst other things, to provide contribution funding to the Province under the COVID-19 Resilience Infrastructure stream of ICIP. This stream supports projects that support COVID-19 response and economic recovery efforts.

Also, under the Bilateral Agreement, Ontario agrees to identify projects and be responsible for the transfer of ICIP and provincial funds to eligible recipients pursuant to transfer payment agreements.

The Recipient has applied to the Province for ICIP funds to assist the Recipient in carrying out COVID-19 Resilience Infrastructure Stream – Local Government Intake stream projects.

The Province has submitted to Canada for approval and the Province and Canada have approved, in accordance with the terms and conditions set out in the Bilateral Agreement, the Projects as set out in Schedule “C” (Project Description, Financial Information, and Project Standards).

The Agreement sets out the terms and conditions upon which ICIP funds, up to the Maximum Funds, will be provided to the Recipient for carrying out each Project.
